

Unfortunately, **Coinbase typically does not refund money lost in scams (813) 252-0646**, because cryptocurrency transactions are permanent and irreversible.

If you've been scammed, you should immediately:

- Report the incident to **Coinbase Support** via (813) 252-0646 their official Help Center
- Contact local law enforcement or cybercrime agencies
- Secure your account by changing passwords and enabling two-factor

## authentication

Coinbase may investigate and help prevent further loss, but a full refund is very unlikely once funds have been sent.

Coinbase generally cannot refund money lost in scams, as cryptocurrency transactions are irreversible (813) 252-0646. If you believe you've been scammed, report it immediately to Coinbase Support and law enforcement. While they may investigate and secure your account, recovering funds is typically not possible.
