Dear Mayor Bowser and Chairman Mendelson:

Enclosed is the final report entitled *Housing Finance Agency Financial Statements (With Independent Auditor's Report) for Fiscal Years Ended September 30, 2022 and 2021* (OIG No. 22-1-38HF). McConnell Jones, LLP (MJ) submitted this component report as part of our overall contract for the audit of the District of Columbia's general-purpose financial statements for fiscal year 2022. MJ is contractually required to review the work papers of CohnReznick, LLP (CohnReznick), which audited the financial Statements of District of Columbia Housing Finance Agency to independently determine whether the financial statements are fairly presented.

On December 29, 2022, CohnReznick issued its opinion and concluded that the financial statements are presented fairly in all material respects, in accordance with accounting principles generally accepted in the United States of America. CohnReznick identified no material weaknesses in internal control over financial reporting. MJ concurred with CohnReznick's opinion and conclusions.

If you have questions about this report, please contact me or Fekede Gindaba, Assistant Inspector General for Audits, at (202) 727-2540.

Sincerely,

Daniel W. Lucas
Inspector General

Independent Auditor's Report

To the Board of Directors
District of Columbia Housing Finance Agency

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the District of Columbia Housing Finance Agency (the "Agency"), a component unit of the Government of the District of Columbia, as of and for the years ended September 30, 2022 and 2021, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Agency as of September 30, 2022 and 2021, and the changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Agency and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

The Agency's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Agency's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Agency's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 6 through 11 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements.

We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Agency's basic financial statements. The combining statements of net position, combining statements of revenues, expenses and change in net position, combining statements of cash flows, and schedules of cash/cash equivalents, investments and mortgage-backed securities by fund (the "supplemental information") on pages 51 through 77 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 29, 2022 on our consideration of the District of Columbia Housing Finance Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting and compliance.

DISTRICT OF COLUMBIA HOUSING FINANCE AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022 AND 2021 (UNAUDITED)

Our discussion and analysis of the District of Columbia Housing Finance Agency's financial performance provides an overview of the Agency's financial activities for the years ended September 30, 2022 and 2021. The financial statements, accompanying notes, and additional information should be read in conjunction with the following discussion.

Overview

The District of Columbia Housing Finance Agency (the "Agency" or "DCHFA") was established in 1979 to stimulate and expand homeownership and rental housing opportunities for low- and moderate- income families in the District of Columbia (the "District"). The Agency primarily issues taxable and tax-exempt mortgage revenue bonds to lower the financing costs for single family homebuyers and multifamily developers acquiring, constructing, and rehabilitating rental housing in the District of Columbia. In addition, the Agency administers the issuance of 4% low-income housing tax credits on behalf of the District of Columbia Department of Housing and Community Development ("DHCD"), to achieve its affordable housing preservation, rehabilitation, and development objectives. The Agency is self-sustaining, and its budget, finances, procurement, and personnel system are independent of the District of Columbia Government.

The Agency accounts for its financial activities using program revenues and funds, through housing revenue bonds financing and mortgage enhancement and lending programs, for its single family and multifamily loan programs and its general operations. The Agency's General Fund is used to record the receipt of income not directly pledged for repayment of debt securities, to pay expenses related to the Agency's administrative functions and operations, including bond program administration, mortgage servicing, the United States Department of Housing and Urban Development ("HUD") Risk-Sharing insurance program and the McKinney Act loan program. The Agency's currently active bond programs include (i) single family mortgage revenue bonds, (ii) multifamily housing revenue bonds (conduit financing), (iii) multifamily development program bonds, for acquisition, construction, rehabilitation of single-family homes and multifamily residential rental projects, and refinancing of existing debt. In conjunction with the Agency's multifamily revenue bonds, developers may be entitled to 4% Low Income Housing Tax Credits under the Internal Revenue Code.

The Agency also operates programs that include down payment and closing cost assistance, pre-development loans, construction monitoring services, multifamily mortgage loan servicing and a wide range of other technical assistance services that are available to prospective homeowners, developers and to the Washington D.C. Metropolitan Area at large.

These single family and multifamily programs funds are used to account for proceeds of bonds, notes, debentures or other financial indebtedness of the Agency issued under these programs, cash and investments held under the bond indenture revenue fund, debt service reserve fund, rebate fund, redemption fund and program subsidy fund, mortgage loans held pursuant to the bond indenture, and repayments and prepayments collected from mortgage loans originated under the bond indenture.

Financial Highlights for the Year Ended September 30, 2022, and Comparative Financial Highlights for the Years Ended September 30, 2021 and 2020

Significant Macroeconomic Factors and Program Updates

Fiscal year 2022 brought significant changes to the macro-economic environment. As inflation in the United States rose substantially, the Federal Reserve raised interest rates in the second half of the fiscal year. This abrupt change in rates notably slowed down our single-family business. While rising interest rates also negatively impacted our multi-family business, there was a positive tailwind to the multi-family business from the DC Government as it continued to fund large amounts into the Housing Production Trust Fund (HPTF). The Agency often underwrites and finances the first trust on multi-family projects but partners on most affordable housing financing projects with the DC Government as the second trust provider through the HPTF. The DC Government over the last several years and again in fiscal year 2022 increased its financial commitment to affordable housing and specifically to the Housing Production Trust Fund. This strong funding of the HPTF increased private developer demand in the affordable housing sector. On the consumer side, Washington DC still experiences strong demand for affordable multifamily units. We expect this trend of higher local government support and strong consumer demand for affordable housing development and renovation in Washington DC to continue for the next several years as evidenced by our large multifamily long-term pipeline. We closed \$273 million in multifamily loans in fiscal year 2022 consistent with previous years volume ranges.

Consistent with the overall market in the United States, the DCHFA single family first trust loan volume declined 46% to \$59.1 million from the previous year total of approximately \$110 million. This decline is largely macro-economic related as higher interest rates increased monthly mortgage payments significantly for the same size loan, disrupted mortgage-backed security markets, limited homes for sale, and caused overall consumer caution contributing to reduced volume. Similarly, the Agency's self-funded down payment assistance loan volume dropped 48% from fiscal year 2021. Despite the conditions, the single-family business helped finance loans for several hundred families with most of those families being first-time home buyers with income below 80% of the area median income.

In March 2017, DCHFA entered into a grant agreement with the DC DHCD as the sub-recipient in the administration of the Home Purchase Assistance Program ("HPAP") funded by a variety of sources to include the Community Development Block Grant ("CDBG") funds. DCHFA continued to be one of two program administrators for the HPAP program in fiscal year 2022 and has been selected for fiscal year 2023 as well. The Agency processed approximately 125 HPAP loans in fiscal year 2022 on behalf of the DC Government and DHCD. Accordingly, the Agency maintains a \$5.0 million line of credit with Industrial Bank to serve as a facility to fund HPAP loans. The line is paid down upon receipt of reimbursements from DHCD typically monthly. As of September 30, 2022, the outstanding balance on the credit line totaled \$2.8 million.

Basic Financial Statements

The accompanying financial statements include Statements of Net Position, Statements of Revenues, Expenses and Change in Net Position and Statements of Cash Flows. The Statements of Net Position show the financial position of the Agency and its programs as of the end of the reporting period, while the Statements of Revenues, Expenses and Change in Net Position show

the results of operations for the reporting period. The Statements of Cash Flows show sources and uses of cash in the operating, investing and financing activities of the Agency and its programs.

Financial Statement Analysis

The following information is an analysis of the Agency's financial statements for the year ended September 30, 2022, compared to the financial statements for the years ended September 30, 2021, as restated, and 2020:

Operating Results

During fiscal year 2022, the Agency's combined net position increased by \$8.9 million, or 5.8%, which comprises operating income of \$15.8 million from operations and a non- operating loss of \$6.9 million due to a decrease in the unrealized fair value of mortgage-backed securities and other investments.

Total assets declined \$44.8 million or 7.6% partially attributable to payoffs on some of our multi-family and single-family loans and bonds.

Fiscal year 2022 operating income of \$15.8 million was 10.2% higher than fiscal year 2021 operating income of \$14.4 million partially attributable to higher transaction fees earned from the multifamily business which more than offset the drop in single family transaction fees.

During fiscal year 2021, combined operating revenues increased by \$3.5 million or 11.5% from fiscal year 2020. Part of the operating revenue increase was associated with our large volume of Single-Family DC Open Doors transactions in fiscal year 2021 that generated an extra \$2.6 million in revenue from fiscal year 2020.

DISTRICT OF COLUMBIA HOUSING FINANCE AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022 AND 2021 (UNAUDITED)

Combined operating expenses in fiscal year 2022 vs fiscal year 2021 were up \$.9 million or 4.9% partially attributed to the expected post COVID increases in personnel and related costs that rose 20.1%.

Total operating expenses for the last three years have been consistently between \$19.1 million and \$20.0 million.

Debt Management

Debt activity and mortgage revenue bonds issued for the years ended September 30, 2022, 2021 and 2020 was as follows:

	<u>2022</u>	<u>2021</u>	<u>2020</u>
Beginning balance	\$ 282,866,582	\$ 199,581,486	\$ 205,924,229

Ending balance	<u>\$ 280,782,284</u>	<u>\$ 282,866,582</u>	<u>\$ 199,581,486</u>

The debt outstanding numbers represent DCHFA's risk share portfolio where it takes financial risk along with the Department of Housing and Urban Development in a portfolio of 20 multifamily projects.

The overall outstanding debt position decreased modestly in fiscal year 2022 from \$282.9 million to \$280.8 million partially due to slightly elevated \$49.9 million volume of redemptions vs \$16.4 million and \$7.0 million the previous two years.

DISTRICT OF COLUMBIA HOUSING FINANCE AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022 AND 2021 (UNAUDITED)

In March 2017, the Agency established a line of credit with Industrial Bank for the purpose of funding HPAP loans. As of September 30, 2022, the total outstanding balance on the Industrial credit line was \$2.8 million.

During fiscal year 2022, DCHFA financed 12 new multifamily projects for \$272.6 million.

During fiscal year 2021, DCHFA financed 11 new multifamily revenue projects for \$245.4 million.

Capital Assets

Capital assets, net of accumulated depreciation and amortization, were \$2.3 million and \$2.4 million (as restated), respectively, as of September 30, 2022 and 2021. The detailed analysis of changes in capital assets is in Note 5.

Key Bond Programs

Multifamily Development Program ("MFDP")

The Agency desired to implement a program that provides flexible financing options for loans made to finance housing projects through the issuance of bonds, notes, or other obligation by the Agency. In spring 2017, the Agency established a new multifamily bonds indenture to issue its multifamily mortgage revenue bonds, from time to time, for the purpose of (i) providing funds to finance, among other things, the acquisitions, construction, rehabilitation and equipping and/or permanent financing or refinancing of housing projects in the District of Columbia for occupancy by low- and moderate-income persons and (ii) refunding bonds previously issued by the Agency. The MFDP includes other indentures used prior to the 2017 indenture for the same purposes.

Single Family New Issue Bond Program ("Single Family NIBP")

Due to the executive management decision several years ago, the Agency changed its single-family business model from bond financing to a purchase and sale of the mortgage-backed securities approach. These purchase and sale transactions are accounted for under the DCHFA General Fund and not under the Single-Family Program Funds.

At the beginning of 2021, the agency had three outstanding single-family indentures 1988, 1996 and 2009. During Fiscal Year 2022, the Agency consolidated the 1996 and 2009 indenture into the 1988 indenture to concentrate assets and reduce administrative costs. The Agency did not issue any new Mortgage Revenue Bonds in 2022 but is always analyzing that execution for possible financial benefits vs the existing strategy of leveraging the "To Be Announced"/MBS execution. The total bonds outstanding in the now consolidated SF indenture is \$.6 million on September 30, 2022.

DISTRICT OF COLUMBIA HOUSING FINANCE AGENCY
MANAGEMENT'S DISCUSSION AND ANALYSIS
SEPTEMBER 30, 2022 AND 2021 (UNAUDITED)

HUD Risk Sharing Program and Agency General Fund

The Agency has two risk sharing agreements with HUD where HUD pays 100% of the amount needed to retire bonds issued in connection with a defaulted project at the time of the initial claim. Both agreements provide loss sharing in the event of default. The most recent program enhancement allows the Agency to share premiums and losses 50% between the Federal Housing Administration ("FHA") and the Agency whereas the older program splits premiums and losses between FHA at 90% and the Agency at 10%. Due to DCHFA's A+ S&P rating, HUD does not require that DCHFA hold reserves against our risk sharing portfolio of multifamily loans. The Agency has or will have permanent mortgages of approximately \$226 million when all current projects complete construction. The risk share portfolio contains 12 projects with permanent mortgages of approximately \$42 million which have 10% risk share exposure to the Agency. The remaining eight projects totaling approximately \$184 million in permanent mortgages or commitments of permanent mortgages when construction is complete have a 50% risk share exposure to the Agency.

Conclusion

Management's discussion and analysis is presented to provide additional information regarding the activities of the Agency and to meet the disclosure requirements of the Governmental Accounting Standards Board ("GASB") Statement No. 34. If you have questions about the report or need additional financial information, contact the Chief Financial Officer, Stephen Clinton, District of Columbia Housing Finance Agency, (202) 777-1620, 815 Florida Avenue, N.W. DISTRICT OF COLUMBIA HOUSING FINANCE AGENCY
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022 AND 2021

NOTE 1: ORGANIZATION AND PURPOSE

The District of Columbia Housing Finance Agency (the “Agency” or “DCHFA”) was created as a corporate body which has a legal existence separate from the Government of the District of Columbia (the “District”) but which is an instrumentality of the District, created to effectuate certain public purposes. The Agency is empowered to, among other activities, generate funds from public and private sources to increase the supply and lower the cost of funds available for residential mortgages and notes and for the construction of permanent multifamily rental properties.

In 1991, the Governmental Accounting Standards Board (“GASB”) issued Statement No. 14, *The Financial Reporting Entity*. The definition of the reporting entity is based primarily on the notion of financial accountability. In determining financial accountability for legally separate organizations, the Agency considered whether its officials appoint a voting majority of an organization’s governing body and the Agency is either able to impose its will on that organization or if there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the Agency. The Agency also considered whether there are organizations that are fiscally dependent on it. It was determined that there are no component units of the Agency.

These financial statements present only financial information about the Agency, an enterprise fund of the District. The enterprise fund qualifies for inclusion in the District’s reporting entity pursuant to GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units* and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*. These financial statements do not purport to, and do not, present fairly the financial position of the District and the changes in its financial position and cash flows, in conformity with accounting principles generally accepted in the United States of America. The Agency is included in the District’s Annual Comprehensive Financial Report as a discretely presented component unit.

The accompanying combined financial statements include DCHFA’s General Fund and Revenue Obligation Funds: Single Family Program Funds and Multifamily Program Funds. Within each Revenue Obligation Fund are separate accounts maintained for each obligation in accordance with the respective indentures.

The bonds and notes issued by the Agency are special obligations of the Agency payable principally from revenue and repayments of mortgage loans and mortgage-backed securities and investments, financed by or purchased from the proceeds of such bonds under applicable indentures and are not a debt of the District. Neither the faith and credit nor the taxing power of the District is pledged for the repayment of the bonds.

NOTE 1: ORGANIZATION AND PURPOSE (Continued)

The General Fund credit line draw by the Agency is backed by the General Fund assets and constitutes the Agency's general obligation.

The following is a description of the funds maintained by the Agency ("Funds"):

General Fund - The General Fund is used to record the receipt and accrual of income not directly pledged for repayment of debt securities under the Revenue Obligation Funds, to pay expenses related to the Agency's administrative functions and operations, including mortgage servicing, HUD Risk-Share Insurance Program, McKinney Act Loan Program and purchase and sale of single family mortgage-backed securities.

Single Family Program Funds - The Single Family Program Funds are used to account for the proceeds of single family mortgage revenue bond issues, investments, mortgage loans and mortgage-backed securities held pursuant to the indentures authorizing the issuance of the bonds, the debt service requirements on the bonds, and debt service collected from mortgage loans purchased for the financing of owner-occupied single family residences in the District. Single Family Program Funds include the following active bond programs: 1988 Collateralized Single Family Mortgage Revenue Bonds, 1996 Single Family Mortgage Revenue Bonds and 2009 Single Family New Issue Bond Program ("Single Family NIBP"). At the beginning of 2021, the Agency had three outstanding Single-Family indentures 1988, 1996 and 2009. During Fiscal Year 2022, the Agency consolidated the 1996 and 2009 indenture into the 1988 indenture to concentrate assets and reduce administrative costs.

Multifamily Program Funds - The Multifamily Program Funds are used to account for proceeds of bonds, notes, debentures or other financial indebtedness of the Agency issued under the Multifamily Development Program Indenture ("MFDP") and smaller indentures under the multifamily HUD Risk-Share Insurance Program (the "Indentures"), cash and investments held under the Indentures revenue funds, debt service reserve funds, rebate funds, redemption funds and program subsidy funds, mortgage loans held pursuant to the Indentures, and repayments and prepayments collected from mortgage loans originated to finance multifamily residential rental facilities within the District for persons or families of limited income.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the Agency's significant accounting policies:

Basis of Accounting and Measurement Focus - For financial reporting purposes only, the Agency is a component unit of the District. The Agency's General Fund and Revenue Obligation Funds are accounted for as enterprise funds. Accordingly, the accompanying combined financial statements have been prepared using the accrual method of accounting and on the basis of accounting principles generally accepted in the United States of America.

Operating Revenues and Expenses - The Agency distinguishes operating revenues and expenses from non-operating items in conformity with GASB Statement No. 34. Operating revenues and expenses are identified as those activities that are directly related to financing affordable housing in the District. The Agency's activities are considered to be operating except for unrealized changes in the fair value of mortgage-backed securities. Operating revenues primarily consist of interest on mortgage-backed securities, interest on mortgage and construction loans and investment of bond proceeds, issuer fees, construction monitoring fees, servicing fees and other revenues. Operating expenses primarily consist of bond interest, personnel costs, bond issuance costs, bond administrative fees, trustee, legal and financial advisory fees, depreciation and amortization of discounts and premiums and other operating expenses.

Non-Operating Revenues and Expenses - Non-operating revenue and expenses mainly consist of federal and city grant programs. Federal and city grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Cash and Cash Equivalents - Cash and cash equivalents consist of cash, collateralized demand deposits, collateralized or insured by the Federal Deposit Insurance Corporation ("FDIC-insured") certificates of deposit, money market funds and investments in highly liquid short-term instruments with original maturities of three months or less at the time of purchase.

DISTRICT OF COLUMBIA HOUSING FINANCE AGENCY
NOTES TO FINANCIAL STATEMENTS - CONTINUED
SEPTEMBER 30, 2022 AND 2021

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments - Investments consist of debt obligations of the U.S. Treasury and U.S. Government Agencies, government-sponsored enterprises ("GSEs"), corporate debt securities, and investment agreements. Investments are reported at fair value as determined by financial services providers, except for certain non-participating fixed interest investment contracts which are valued using cost based measures. Debt securities are stated at fair value, based on the quoted market prices. Investments of the General Fund are made in accordance with the Agency's investment policy. Investments in the Revenue Obligation Funds follow the Agency investment policy and consist of those permitted by the respective trust indentures adopted by the Agency providing for the issuance of notes and bonds. Investments are reported at fair value in the Statements of Net Position and changes in the fair value of investments are recognized in the Statements of Revenues, Expenses and Change in Net Position as part of operating income.

Mortgage-Backed Securities - Mortgage-backed securities represent certificates issued by the Government National Mortgage Association ("Ginnie Mae" or "GNMA"), the Federal National Mortgage Association ("Fannie Mae" or "FNMA") and the Federal Home Loan Mortgage Corporation ("Freddie Mac" or "FHLMC"), which guarantee the receipt by the Agency's trustee of monthly principal and interest from mortgages originated with proceeds from the Agency's Single Family and Multifamily Programs. These securities are stated at fair value, as determined by financial services providers or financial publications. These guaranteed securities are issued in connection with single family mortgage loans and mortgage loans on multifamily projects. Each of these securities is generally intended to be held to maturity or optional par redemption date for the underlying bonds or until the payoff of the related loans. The repayment and prepayments of the mortgage-backed securities are at par value based on the guarantees embedded in these securities. Mortgage-backed securities are reported at fair value on the Statements of Net Position and unrealized changes in the fair value of mortgage-backed securities are recognized in the Statements of Revenues, Expenses and Change in Net Position as part of non-operating income.

Mortgage and Construction Loans Receivable - Mortgage loans are carried at their unpaid principal balances, and construction loans are carried at amounts advanced, net of collections and allowances for potential loan losses. The Agency's allowance for doubtful accounts policy is to charge expenses for estimated probable losses which are established as an allowance for loan losses. The allowance is an amount that management believes will be adequate to absorb losses inherent in existing loans based on evaluations of collectability and prior loss experience as well as a competitive benchmarking study.

DISTRICT OF COLUMBIA HOUSING FINANCE AGENCY
NOTES TO FINANCIAL STATEMENTS - CONTINUED
SEPTEMBER 30, 2022 AND 2021

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property and Equipment - Property and equipment purchases are recorded in the General Fund, capitalized at cost and depreciated using the straight-line method over the estimated useful lives in general ranging from 5 to 40 years.

Bond Discounts and Premiums - Bond discounts or premiums arising from the sale of serial or term bonds are amortized using the straight-line method which approximates the effective yield method, over the life of the bond issue.

Net Position - The Agency first applies restricted resources when an expense is incurred, for purposes for which both restricted and unrestricted net position is available. Net position is reported in three separate categories:

- **Net investment in capital assets** - Capital assets, net of accumulated depreciation/amortization and outstanding principal balances of debt and lease liabilities attributable to the acquisition, construction or improvement of those assets.
- **Restricted** - Net position whose use by the Agency is subject to externally imposed stipulations (such as bond covenants, grantors, contributors, or laws or regulations of other governments; or are imposed by law through constitutional provisions or enabling legislation) that can be fulfilled by actions of the Agency pursuant to those stipulations or that expire with the passage of time. Such net assets include all Revenue Obligation Funds, HOME and DC Open Doors Program funds under the Single Family Program, certain holdings under the General Fund: the McKinney Act Program funds, HUD Risk-Share Reserve and assets used as collateral for the credit line draws or as warehouse securities for future bond issues.
- **Unrestricted** - Net position that is not subject to externally imposed stipulations. Unrestricted net position may be designated for specific purposes by action of management or the Board of Directors or may otherwise be limited by contractual agreements with outside parties.

Financing and Other Fee Revenue - Under the Single Family Program, the Agency originates single family mortgage loans which are pooled into mortgage-backed securities used as direct collateral for the respective bonds. As part of this securitization, the Agency earns servicing release fees net of originating lender fees.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts

of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Change in Accounting Principles and Restatement - For the years ended September 30, 2022 and 2021, the Agency implemented GASB Statement No. 87-*Leases*. GASB Statement No. 87 enhances the relevance and consistency of information for the Agency's leasing activities. It establishes requirements for lease accounting based on the principle that leases are financing of the right to use an underlying asset. A lessee is required to recognize a lease liability and an intangible right to use a lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. These changes were incorporated in the Agency's 2022 and 2021 financial statements and had an effect on the beginning net position for fiscal year 2022. The Agency recognized \$195,823 in net book value for the intangible right to use and a lease liability of \$192,765 for equipment leased in July of 2021.

The implementation of GASB Statement No. 87 had the following effect on net position reported September 30, 2021:

Adjustment:	
Net Book Value Leased Asset	195,823
Lease Liability	(192,765)
Restated Net Position - September 30, 2021	<u>\$ 155,557,523</u>

NOTE 3: CASH/CASH EQUIVALENTS, INVESTMENTS AND MORTGAGE-BACKED SECURITIES

Bond proceeds and revenues from mortgages, mortgage-backed securities and investments are invested in authorized investments as defined in the respective indentures and, for the General Fund, in accordance with the Agency's Investment Policy, until required for purchasing mortgage-backed securities or originating mortgage loans, funding reserves, paying debt service or redeeming outstanding bonds and notes, and funding program and administrative and operating expenses.

The following assets, reported at fair value and held by the Funds at September 30, 2022, were evaluated in accordance with GASB Statement No. 40 for interest rate risk, credit risk, concentration of credit risk and custodial credit risk.

Interest Rate Risk - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Under the Revenue Obligation Funds, the terms of the investments are set to allow for no market value loss at the time the invested funds are drawn for uses authorized under the indentures. As a means of limiting its exposure to fair value losses from rising interest rates under the General Fund, the Agency's Investment Policy requires that the maturities of the investment portfolio are structured to be concurrent with cash needs in order to minimize losses that may be incurred from sale of investments prior to maturity. The money market funds operate in accordance with Rule 2a-7 of the Investment Company Act of 1940, as amended. These funds can reasonably be expected to have a fair value that will be unaffected by interest rate changes because the interest rates are variable and the principal can be recovered on demand. The cost of the money market mutual funds approximated fair value.

NOTE 3: CASH/CASH EQUIVALENTS, INVESTMENTS AND MORTGAGE-BACKED SECURITIES (Continued)

As of September 30, 2022 and 2021, the amortized cost, fair value and maturities for the cash, cash equivalents, investments and mortgage-backed securities for each Revenue Obligation Fund are included as Supplemental Information to these financial statements.

Custodial Credit Risk - Custodial credit risk is the risk that in the event of a bank failure, the Agency's deposits may not be returned to it. The Agency does not have a deposit policy for custodial credit risk. As of September 30, 2022, \$60,026,470 of the Agency's bank balance of \$66,276,469 was exposed to custodial credit risk as follows:

Uninsured and uncollateralized	\$ 9,079,998
Uninsured and collateral held by pledging bank	<u>50,946,472</u>
Total	<u>\$ 60,026,470</u>

In addition, investments, inclusive of certificate of deposit, corporate obligations, municipal obligations, and GSE obligations, as well as mortgage-backed securities are held with one custodian and were exposed to custodial credit risk above \$500,000 of the reported balance as of September 30, 2022.

Credit Risk and Concentration of Credit Risk - Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. All of General Fund cash and investments are either collateralized, FDIC-insured, or invested in the U.S. Government, U.S. Government Agency or government-sponsored enterprises or highly rated corporate debt securities. In general all investment securities under the Revenue Obligation Funds must be at a rating not adversely affecting the rating of the respective bonds; and financial institutions who are counterparty to the Agency must be rated at least comparable to the existing rating on the Agency's bonds, unless counterparty ratings lower than the bond ratings are permitted in a specific indenture and do not affect the ratings on the bonds as determined at the time the investment securities are acquired or investment agreements are executed. The ratings on the 1996 Single Family Mortgage Revenue Bonds and 1988 Collateralized Single Family Mortgage Revenue Bonds as of September 30, 2022 and 2021 were AA+ by Standard and Poor's. All multifamily bond indentures under the Multifamily Development and Multifamily Programs were rated by Moody's or Standard and Poor's at various levels depending on the credit quality of the underlying collateral or were unrated private placements where investment ratings conformed to the specific bond investor requirements.

Cash and Cash Equivalents - The Agency's combined cash and cash equivalents balance as of September 30, 2022 and 2021 consists primarily of amounts held in fully collateralized demand deposit bank accounts under the General Fund and in highly rated money market fund trust accounts set up for each revenue bond indenture and Certificates of Participation and administered by the Agency's bond trustees. The collateral for the demand deposits is held by either the Federal Reserve Bank or a third-party, as a collateral agent under the tri-party agreements.

Investments - The Agency follows the Investment Policy guidelines with regard to its General Fund financial assets and Revenue Obligation Fund indentures. The policy states that the Agency financial assets shall be held in cash and cash equivalents or invested and managed with the intention of obtaining the highest possible total return consistent with the Agency's liquidity needs and a prudent level of investment risk. Under the bond programs and Certificates of Participation, the permitted investments are stipulated in the respective covenants of the indentures of trust.

Investments of proceeds from bond issuances in investment agreements are governed by the covenants of the respective indentures of trust entered between the Agency, the trustee and the investment agreement provider. All investment agreements are fixed interest rate investment contracts with rated financial institutions. In case of a downgrade beyond a preset threshold, the investment providers are required to collateralize both principal and interest with qualifying securities to be held by a designated collateral agent with mark to market and undervalue cure provisions.

Investments in money market funds are short-term in nature and are held by bond trustees for the benefit of the respective indentures. They carry the highest short-term credit ratings by nationally recognized statistical rating agencies, such as Standard & Poor's and Moody's Investors Service. Investments in the U.S. Treasury securities are guaranteed by the full faith and credit of the United States Government.

Mortgage-backed Securities - Ginnie Mae mortgage-backed securities are guaranteed by the Government National Mortgage Association ("Ginnie Mae or GNMA"), an instrument of the United States Government. GNMA securities are "fully modified pass-through" mortgage-backed securities which require monthly payments by an FHA lender, as the issuer of the Guaranteed Security to the Agency. GNMA guarantees timely payment of principal and interest on Guaranteed Securities.

NOTE 3: CASH/CASH EQUIVALENTS, INVESTMENTS AND MORTGAGE-BACKED SECURITIES (Continued)

Fannie Mae and Freddie Mac mortgage-backed pass-through securities are top-rated by Standard & Poor's and Moody's Investors Service. The principal and interest payment on these mortgage-backed securities are guaranteed by Fannie Mae and Freddie Mac, accordingly. Though there is no explicit guarantee that Fannie Mae and Freddie Mac mortgage-backed securities are backed by the full faith and credit of the U.S. Government, there is, however, an implicit guarantee, as government-sponsored enterprises are chartered by the U.S. Congress. In 2008 both Freddie Mac and Fannie Mae were placed into the U.S. Government conservatorship. The rating agencies continue to assign high credit ratings to both of these entities.

Ginnie Mae, Fannie Mae and Freddie Mac mortgage-backed securities are reported at their market values in accordance with GASB Statement No. 31. It is the intention of the Agency and the indentures to hold these mortgage-backed securities until the underlying loans are paid in full, or, if allowed, until the respective bonds become optionally redeemable and the sale of these securities does not negatively affect the indenture cash flows.

For the years ended September 30, 2022 and 2021, under the Agency's Single Family Program Fund, \$1,117,559 and \$150,175, respectively, of non-operating expense was recorded in the Statements of Revenues, Expenses and Change in Net Position to record the unrealized loss in the fair market value of the Fund's mortgage-backed security and investment portfolio.

For the years ended September 30, 2022 and 2021, under the Agency's Single Family NIBP Fund, \$0 and \$32,012, respectively, of non-operating expense was recorded in the Statements of Revenues, Expenses and Change in Net Position to record the unrealized loss in the fair market value of the Fund's mortgage-backed security and investment portfolio.

For the years ended September 30, 2022 and 2021, under the Agency's Multifamily Development Program Fund, \$114,635 and \$19,496, respectively, of non-operating expense was recorded in the Statements of Revenues, Expenses and Change in Net Position to record the unrealized loss in the fair market value of the Fund's mortgage-backed security and investment portfolio.

Investments in Joint Ventures - DCHFA established the Housing Investment Platform ("HIP") in June 2017 to make innovative investments in support of the District of Columbia housing market outside of its traditional bond and tax credit financing. The investments are targeted towards developing workforce housing by partnering with emerging developers. DCHFA is the sole member of the DCHFA HIP Manager, LLC, which is the general partner of the DC Housing Investment Platform, LP. DC Housing Investment Platform, LP is the limited partner in the ultimate development entity. DCHFA Housing Investment Platform, LP closed on one investment during fiscal year 2022 and one investment during 2021. As of September 30, 2022 and 2021, the investment in joint ventures totaled \$1,345,435 and \$981,668, respectively.

Fair Value of Investments

The Agency has adopted GASB No. 72, *Fair Value Measurement and Application*. This statement establishes a hierarchy of inputs to valuation techniques used to measure fair value:

- Level 1 - quoted market prices in active markets.
- Level 2 - inputs other than quoted market prices that are observable either directly or indirectly.
- Level 3 - unobservable inputs.

Debt securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

- Amounts invested in U.S. treasury securities are comprised of securities valued using quoted market prices (Level 1) which are then allocated to position holders.
- Amounts invested in certificates of deposits, investment agreements, corporate obligations, municipal obligations, GSE obligations and mortgage backed securities are comprised of securities which are priced by industry standard vendors, using observable inputs such as benchmark yields, reported trades broker/dealer quotes, and issuer spreads (Level 2) which are then allocated to position holders at a per unit value.

NOTE 4: MORTGAGE AND CONSTRUCTION LOANS RECEIVABLE

Multifamily mortgage and construction loans receivable are assets under the Multifamily Development Program secured by deeds of trust evidencing first mortgage liens on related real property. These loans are insured by the FHA, and the Agency through the Risk-Share Program. Fixed and periodic variable interest rates on these mortgage and construction loans as of September 30, 2022 range from 3.4% to 6.9% with a loan repayment period of up to 40 years.

During fiscal year 2019, the Agency funded subordinate lien forgivable 0% non-amortizing down-payment assistance loans in connection with the purchased and sold first lien loans under its General Fund. Due to the low likelihood of recovery for any of these loan amounts, the Agency recorded an allowance equivalent to the original loan amounts. Starting on September 9, 2019, the Agency discontinued the forgivable 0% non-amortizing down-payment assistance loan program and launched a new 0% fixed rate non-amortizing down-payment assistance loan program. The new program is a deferred loan that will become immediately due and payable upon the occurrence of specific events as defined in the Loan Disclosure document(s) of the DC Open Doors Down Payment Assistance Loan program. The amount of the forgivable loans and the corresponding allowance under the old program as of September 30, 2022 and 2021 was \$0 and \$65,563, respectively. The amount of the deferred loans under the new program as of September 30, 2022 and 2021, was \$6,078,723 and \$4,949,448, respectively.

Combined restricted mortgage and construction loans as of September 30, 2022 and 2021 were \$202,874,771 and \$207,582,145, respectively. For the years ended September 30, 2022 and 2021, there was no allowance for bond program loan losses under the Agency Revenue Obligation Funds.

As part of its General Fund operations, the Agency performs loan servicing under the risk-sharing agreement with HUD, where HUD pays 100.0% of the amount needed to retire bonds issued in connection with a defaulted risk-share loan at the time of the initial claim. Any loss at the time of final claim on a defaulted multifamily project is risk-shared between FHA at 90.0% and the Agency at 10.0%. The most recent program enhancement allows the Agency to share losses on a 50%/50% basis with FHA. As of September 30, 2022, the HUD Risk-Share Reserve funds had a balance of \$0 and the outstanding principal balance of the risk-share insured loans comprised of 20 loans was \$202.8 million. As of September 30, 2021, the HUD Risk-Share Reserve funds had a balance of \$0 and the outstanding principal balance of the risk-share insured loans comprised of 20 loans was \$202.2 million.

NOTE 4: MORTGAGE AND CONSTRUCTION LOANS RECEIVABLE (Continued)

In addition to its bond programs, within its General Fund the Agency administers the McKinney Act Program. Under its McKinney Act Program, the Agency originates predevelopment McKinney Act bridge loans to finance acquisition, predevelopment and rehabilitation costs associated with multifamily housing developments applying for bond financing with the Agency. These loans are typically unenhanced loans repaid at the time the bond financing is put in place. At September 30, 2022, the balance of total loans outstanding, before the allowance for uncollectible loans, was \$2,470,665, including \$884,857 in loans at various stages of default process. At September 30, 2021, the balance of total loans outstanding was \$4,662,791, of which \$883,715 was attributed to loans at various stages of default process.

The Agency recorded an allowance for uncollectible McKinney Act Program loans for the years ended September 30, 2022 and 2021 in the amount of \$884,857 and \$883,715, respectively. The Agency recorded a net increase in the allowance for principal loss on McKinney Act Program loans during the years ended September 30, 2022 and 2021 for an allowance of bad debt in the amount of \$1,142 and \$1,629, respectively.

	2022	2021
Beginning balance	\$ 883,715	\$ 882,086
Net increase in allowance for uncollectible loans	1,142	1,629
Ending balance	<u>\$ 884,857</u>	<u>\$ 883,715</u>

For the years ended September 30, 2022 and 2021, the respective balances and changes in the provision for uncollectible interest on the McKinney Act loans under the General Fund were as follows:

	2022	2021
Beginning balance	\$ 340,843	\$ 309,504
Net increase in allowance for uncollectible interest	31,340	31,339
Ending balance	<u>\$ 372,183</u>	<u>\$ 340,843</u>

In addition to the reserves noted above for McKinney Act loans, the Agency also has an allowance for down payment assistance associated with forgivable single family loans as well as multi-family loans that are held on balance sheet (e.g., HUD risk share loans).

The Agency's allowance for doubtful accounts policy is to charge expenses for estimated probable losses which are established as an allowance for loan losses. The allowance is an amount that management believes will be adequate to absorb

losses inherent in existing loans based on evaluations of collectability and prior loss experience as well as a competitive benchmarking study.

Until September 9, 2019, DCHFA's down payment assistance core product was a five-year forgivable 0% interest rate loan. The Agency reserved for the full amount of the down payment assistance at loan inception and then booked recoveries to the extent that borrowers paid off the loan within the five-year forgiveness period. As of September 30, 2022 and 2021, the Agency has \$.2 million and \$.3 million in reserves, respectively.

NOTE 6: BONDS PAYABLE AND OTHER DEBT OBLIGATIONS

The loans, bonds and notes issued by the Agency are special obligations of the Agency and are payable from the revenue and special funds of the applicable indentures. The bonds and notes do not constitute debt of and are not guaranteed by the District or any other program of the District. All mortgage revenue bond multifamily projects financed to date have been issued by the Agency as stand-alone pass-through financings with no direct economic recourse to the Agency as the issuer.

The provisions of the various bond indentures require or allow for the special redemption of bonds at par through the use of unexpended bond proceeds and excess funds accumulated primarily through prepayment of mortgage loans and

mortgage-backed securities. All outstanding bonds are subject to redemption at the option of the Agency or the borrower, in whole or in part at any time, after certain dates, as specified in the respective bond indentures and bond resolutions, at prescribed redemption prices. The redemption premiums can range up to 5.0%.

Under the Multifamily Programs, this option generally cannot be exercised until the bonds have been outstanding for ten years as provided in the various indentures. Term bonds are generally subject to redemption, without premium, from mandatory sinking fund payments.

Bonds issued to provide financing for the Agency's housing programs are collateralized by:

- Mortgage-backed securities made in connection with underlying loans.
- Mortgage loans made on the related multifamily developments or single family residential mortgage loans purchased.
- Investments of bond proceeds, debt service reserves and escrow accounts, all revenues, mortgage payments, and recovery payments received by the Agency from investments, mortgage loans and mortgage-backed securities made on the related developments and pledged to the respective trust indentures.

2022 and are not indicative of the actual interest expense that will be incurred in future years. As rates vary, variable rate bond interest payments will vary.

In March 2017, DCHFA entered into a grant agreement with the DC DHCD as the sub-recipient in the administration of Community Development Block Grant ("CDBG") funds. Accordingly, the Agency established a \$3.0 million line of credit with Industrial Bank to serve as a facility to fund Home Purchase Assistance Program ("HPAP") loans. The credit line is paid down upon receipt of reimbursements for DHCD on a monthly basis. During fiscal year 2020, the line of credit was increased to \$5.0 million. As of September 30, 2022 and 2021, the total outstanding balance of the credit line totaled \$2,780,425 and \$2,582,887, respectively.

Leased Assets

The Agency is the lessee of equipment under lease agreements expiring through 2026. The assets and liabilities under these leases are recorded at the lower of the minimum lease payments or the fair value of the assets and amortized over the life of the lease term. Included in capital assets are assets under these leases with a cost of \$205,614 and \$205,614, respectively, as of September 30, 2022 and 2021. Amortization expense related to the leases was \$39,165 and \$9,791, respectively, for the years ended September 30, 2022 and 2021. Accumulated amortization relating to the leases was \$48,956 and \$9,791, respectively, as of September 30, 2022 and 2021.

Future minimum lease payments under the leases are as follows:

NOTE 7: REBATE LIABILITY

In accordance with the Internal Revenue Service Code (the "Code"), the Agency has recorded as rebate liability for excess investment earnings in connection with tax-exempt bonds and notes issued after 1981. The excess investment earnings arise due to actual investment yields permitted to be retained by the indentures under the Code. The Code requires 90.0% of such excess investment earnings to be remitted to the United States Treasury every five years and in full at the final redemption of the bonds. Interest income on the Statements of Revenues, Expenses and Change in Net Position is reduced by the rebate liability due to excess investment earnings. The increase/decrease in fair value of investments on the Statements of Revenues, Expenses and Change in Net Position is adjusted by the change in the estimated rebate liability due to the change in fair value of investments. The Revenue Obligation Funds had no rebate liability from interest income or from unrealized gains on investments. For the years ended September 30, 2022 and 2021, the rebate liability in the single family program was \$40,095.

The project funds held for borrower and other liabilities include funds contributed by the owners of the projects and/or funds received from low-income housing tax credit equity providers, District agencies, and the Department of Housing and Community Development. The Agency includes in the financial statements, funds received from these providers to the extent of unexpended monies in the project accounts (see Note 3).

NOTE 8: PROJECT FUNDS HELD FOR BORROWER AND OTHER LIABILITIES

Under the 1996 Single Family Mortgage Revenue Bonds, the Agency administers grant funds received from the District's DHCD under the U.S. Department of Housing and Urban Development's Home Investment Partnership Program ("HOME"). These funds were either blended with the bond proceeds to yield interest rate subsidy on mortgage loans securitized into mortgage-backed securities or were used to help homebuyers with closing costs, including down-payment assistance. Under the respective grant agreements, the Agency may recycle repayments of HOME funds into its bond programs. There was no transfer by the Agency of HOME funds back to DHCD during fiscal year 2022. As of September 30, 2022 and 2021, total HOME Program restricted assets were \$1,100,773 and \$1,100,773, respectively.

NOTE 9: PREPAID FEES

The prepaid fees include funds related to non-refundable construction monitoring fees associated with multifamily financing activities. The prepaid fees are recognized over each project's anticipated construction period.

NOTE 10: NET POSITION

Net Investment in Capital Assets - Capital Assets include non-depreciable land, as well as, building net of related debt and accumulated depreciation, furniture and equipment net of related accumulated depreciation, leasehold improvements, leased assets – equipment, and software net of related accumulated amortization. Net investment in capital assets at September 30, 2022 and 2021 were \$2,149,225 and \$2,201,126, respectively.

Revenue Obligations Funds - The Revenue Obligation Funds net position is restricted through debt covenants as collateral for the respective bond issues and credit lines. Combined restricted net position related to the Revenue Obligation Funds as of September 30, 2022 and 2021 were \$30,607,809 and \$28,730,761, respectively.

Risk Share Program - Under the General Fund, the initial deposit made to participate in the Risk Sharing Program and the contributions of 1.0% of the FHA-insured mortgage balances in the Risk Sharing Program reserve account are also restricted. The Agency maintained restricted net position related to the HUD Risk-Share Program as of September 30, 2022 and 2021 at \$0 and \$0, respectively.

NOTE 10: NET POSITION (Continued)

McKinney Act Fund - The Agency qualified for 50.0% of the savings resulting from Financing Adjustment Factors ("FAF") on Section (11)(b) bond refunding transactions. These funds are programmatically restricted as they are only to be used to benefit very low-income persons. As a result, the Agency established a revolving loan fund to provide credit enhancement or loan guarantees, and finance certain special need projects, such as, shelter for the District's homeless and facilities for individuals who have contracted AIDS. Restricted net position related to the McKinney Act Fund as of September 30, 2022 and 2021 was \$9,624,933 and \$9,156,761, respectively.

Unrestricted Net Position - As of September 30, 2022 and 2021, under the General Fund were \$122,140,399 and \$115,468,875, respectively, in unrestricted net position. The unrestricted net position is used to support the Agency's issuer credit rating.

NOTE 11: RETIREMENT PLAN

The Agency established a 457(b) deferred compensation plan (the "457(b) Plan") for the benefit of its eligible employees effective October 1, 1997. The Plan was amended and changed recordkeepers effective October 1, 2015. The amended Plan allows for an employee match up to 7.0% of an employee's salary on a five-year vesting schedule. Plan expense for the years ended September 30, 2022 and 2021 was \$274,240 and \$246,768, respectively.

NOTE 13: FEDERAL AND CITY PROGRAMS

On March 1, 2017, DCHFA signed a Subrecipient Grant Agreement with the District of Columbia Department of Housing and Community Development to administer \$5.7 million of Community Development Block Grant funds, allocated to the District of Columbia by the U.S. Department of HUD under Title 1 of the U.S. Housing and Community Development Act of 1974. During 2020, the Subrecipient Grant Agreement was amended to include HOME Grant Funds. The Community Development Block and HOME Grant funds were used to fund down payment assistance activities and services. During the years ended September 30, 2022 and 2021, respectively, the DCHFA received a funding extension under the program in the total amounts of \$10.1 million and \$10.6 million, which includes \$7.5 million and \$8.1 million, to be funded from federal funds and \$2.6 million and \$2.5 million, to be funded from local funds. As of September 30, 2022 and 2021, the Agency had incurred program expenses of \$7.4 million and \$9.3 million, included in program expenses on the statement of revenues, expenses and change in net position, funded by \$10.1 million and \$9.3 million awards, respectively. Of the program expenses incurred during the years ended September 30, 2022 and 2021, \$5.7 million and \$7.3 million, respectively, were funded by federal funds and \$1.7 million and \$2.0 million, respectively, were funded by local funds.

In fiscal year 2019, DCHFA, by enactment by the Council of the District of Columbia, established an 18-month pilot program, Reverse Mortgage Insurance and Tax Payment ("ReMIT"), that allows qualified homeowners to apply for and receive up to \$25,000 in financial assistance for payment of past due property taxes and property insurance debts that have put qualified homeowners at risk of foreclosure. The program was extended during fiscal year 2020. DCHFA records a lien on the subject property in the amount of the financial assistance provided to the qualified homeowner, which is subordinate to the reverse mortgage lender in the first position. As of September 30, 2022 and 2021, DCHFA provided \$0 and

\$90,384, respectively, in financial assistance to qualified homeowners under the program.

NOTE 14: COMMITMENTS AND CONTINGENCIES

As of September 30, 2022, the Agency had total mortgage commitments in the amount of \$127.9 million on projects under construction in the Multifamily Development Program, of which \$50.8 million has been drawn and \$77.1 million remains to be drawn.

The Agency is a defendant in two lawsuits and other claims that occur in the ordinary course of operations. It is the opinion of the General Counsel that such lawsuit and claims will not have a material adverse impact on the Agency's financial condition.

Since early 2020, there has been a global outbreak of a novel strain of coronavirus ("COVID-19"), which has forced the United States to declare a national emergency, institute "stay-at-home" orders and restrict operations of non-essential businesses. Such actions are adversely impacting many industries. COVID-19 could have a continued and prolonged adverse impact on economic and market conditions and could trigger a period of economic shutdown. The impact of COVID-19 on businesses is evolving, and the extent and duration of the economic fallout from this pandemic remains unclear, making any estimate or assumption as of September 30, 2022 inherently less certain than they would be absent to current and potential impacts of COVID-19. The magnitude and duration of COVID-19 and its impact on the Agency's activities, its borrowers, and investments is uncertain and will mostly depend on future events, which cannot be predicted. As this pandemic continues and if economic conditions worsen, it may have a long-term impact on the Agency's financial position, results of operations and cash flows. The Agency is not able to reliably estimate the length or severity of this outbreak and the related financial impact.

NOTE 15: CONDUIT DEBT OBLIGATIONS

The Agency has issued bonds that provide mortgage loan financing for newly constructed or rehabilitated multifamily rental housing development in the District. No individual conduit multifamily project's assets are available to collateralize other project's debt obligations. Neither the faith and credit of the Agency nor the assets of any other Fund have been pledged as security for these bonds. The developments financed are pledged as collateral, and the bonds are payable solely from payments received from the mortgages on the underlying promissory notes. As of September 30, 2022 and 2021, the bonds have an aggregate outstanding principal amount payable of \$1,553,419,333 and \$1,532,378,518, respectively.

NOTE 16: SUBSEQUENT EVENTS

The events that occur after the date of the Statement of Net Position but before the financial statements were available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the date of the Statement of Net Position are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the date of the Statement of Net Position require disclosure in the accompanying notes. Management evaluated the activity of DCHFA through December 29, 2022 (the date the financial statements were available to be issued) and concluded that no subsequent events have occurred that would require recognition in the Financial Statements or disclosure in the Notes to the Financial Statements.

Independent Auditor's Report on Internal Control over Financial Reporting and
on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards*

To the Board of Directors
District of Columbia Housing Finance Agency

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the District of Columbia Housing Finance Agency (the "Agency"), a component unit of the Government of the District of Columbia, as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements, and have issued our report thereon dated December 29, 2022.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not

express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
